1. Introduction

Congratulations on receiving your Radiant Plant Shade plant umbrella, an elegant pant umbrella having a frame and canopy to enhance your outdoor space. To enjoy the purchase it is important to carefully open your shipment and to verify its contents.

2. Open Your Shipment

Carefully open your shipment saving your box, product bag and related contents for later storage. Verify the shipping contents with your purchase documents.

3. Inspection and Verification

Verify each component for size, shape, color and insure all components are in good working order and free of defects.

4. Mating Components

Verify all components fit together properly;

- The umbrella blade fits within the extension receiving pocket
- The umbrella lift ring slides up and down moving the arms out and in
- The canopy fits the frame arms

5. Conclusion

Unboxing your umbrella is your first step at enhancing your garden environment. Take time to check each component for a hassle-free assembly. Enjoy your Radiant Plant Shade plant umbrella as it brings charm and comfort to your outdoor space.
